Title:	MEDIUM HANDLER AND ORGANIZER		

AMENDMENT AND RESPONSE

Assistant Commissioner for Patents
Washington, D.C. 20231

In response to the Office Action mailed April 25, 2001, please amend the above-identified patent application as follows:

IN THE CLAIMS

Please rewrite the claims as follows:

9. A compact disc processing system comprising:
- a supply station for holding a plurality of blank compact discs;
 - a printer for printing indicia on a first compact disc, the printer includes an extendable drawer adapted to receive the first compact disc;
 - a recorder for recording information on the first compact disc, the recorder includes an extendable drawer to receive the first compact disc; and
 - a transporter carriage for simultaneously holding the first and a second compact discs on first and second planes, the transporter carriage is moveable in both vertical and horizontal directions to place and pick up the first compact disc from the drawers of both the recorder and printer, the transporter carriage is moveable in both vertical and horizontal directions to pick up one of the plurality of blank compact discs held at the supply location,
- the transporter carriage comprises a pickup arm and a gripping head attached to one end of the pickup arm, the gripping head has first and second gripping locations each for
